

# Stand Up for Working Families

## June 6th Rally in Support of the Employee Free Choice Act

On June 6th, the Pennsylvania State Democratic Committee is meeting in Pittsburgh, and Senator Specter will be attending for the first time as a Democrat.

Many of our Democratic representatives have already taken strong stands for working families this year. But there is one more thing we need them, including Senator Specter, to do: **Pass the Employee Free Choice Act.**

The Employee Free Choice Act:

- lets workers form a union without harassment or intimidation,
- holds CEOs and executives accountable when they break the law,
- and helps workers and employers reach a fair first contract in a reasonable amount of time using mediation and arbitration.

When workers have a voice at work through a union, they are able to bargain for better wages and benefits, including affordable health care and secure retirements. Giving workers the free choice to form a union will help grow our economy from the bottom up and rebuild our middle class.
